Getting the Most Out of Your Proficiency Testing

January 24, 2007

Chantal R. Harrison, MD, FCAP

A native of France, Dr. Harrison completed her undergraduate and graduate studies in Mathematics at the University of Paris. She obtained her Medical Degree and Pathology Residency training from the University of Florida. Since 1980, she has been on the faculty of the University of Texas Health Science Center at San Antonio, currently a Professor of Pathology, and has been the Medical Director of the Blood Bank at both University Hospital and Audie Murphy VA Hospital.

Dr. Harrison currently serves as the Regional Commissioner, Mid-South Region, for the College of American Pathologists (CAP) Laboratory Accreditation Program (LAP). She is also the chair of the Continuous Compliance Committee of the LAP and a member of the CAP Commission on Laboratory Accreditation Executive Committee. She has served on the CAP Transfusion Medicine Resource Committee and the Histocompatibility/Identity Testing Committee.
