

## TABLE OF CONTENTS

### Urinary Cells

Erythrocyte .....	1
Erythrocyte, Dysmorphic .....	2
Leukocyte (Neutrophil, Eosinophil, Lymphocyte) .....	3
Monocyte/Macrophage .....	4
Renal Tubular Epithelial (RTE) Cell .....	5
Spermatozoa .....	6
Squamous Epithelial Cell.....	7
Transitional Epithelial Cell (Urothelial Cell) .....	8

### Urinary Casts

Fatty Cast .....	9
Cellular Cast (RTE or Neutrophil) .....	10
Granular Cast.....	12
Hyaline Cast .....	13
Erythrocyte (Red Blood Cell) Cast .....	14
Waxy Cast.....	15

### Urinary Crystals at Acid pH

Cystine Crystals .....	17
Sulfonamide Crystals .....	18
Uric Acid Crystals .....	19
Amorphous Urate Crystals .....	20

## TABLE OF CONTENTS (Continued)

### Urinary Crystals at Neutral or Acid pH

Bilirubin Crystals .....	21
Calcium Oxalate Crystals .....	22
Cholesterol Crystals .....	23
Hippuric Acid Crystals .....	24
Leucine Crystals .....	25
Tyrosine Crystals .....	26

### Urinary Crystals at Neutral or Alkaline pH

Ammonium Biurate Crystals .....	27
Ammonium Magnesium (Triple) Phosphate Crystals .....	28
Amorphous Phosphate Crystals .....	29

### Organisms

Bacteria .....	31
Yeast/Fungi .....	32

### Miscellaneous/Exogenous

Fat Droplet .....	33
Fiber (Exogenous)/Fecal Contamination .....	34
Mucus .....	35
Pollen Grains .....	36
Starch Granules .....	37
Index .....	38
